

## Bibliography of Valuation Theory

- The second volume of Zariski-Samuel, Commutative Algebra, Van Nostrand.
- Chapter 6 of Bourbaki, Commutative Algebra.
- C. Favre and M. Jonsson: "The valuative tree", Springer Lecture Notes in Math. No. 1853, 2004.
- S. MacLane and O.F.G. Schilling, "Zero dimensional branches of rank one on algebraic varieties", Annals of Math., 40 (1939), 507-520.
- Mohammad Moghaddam, "A construction for a class of valuations of the field  $k(X_1, \dots, X_d, Y)$  with large value group" J. Algebra 319 (2008), no. 7, 28032829.
- Paulo Ribenboim: "The Theory of Classical Valuations" (Springer)
- Michel Vaquié:" Valuations" (in French) Resolution of singularities (Obergrugl, 1997), 539–590, Progr. Math., 181, Birkhäuser, Basel, 2000.
- Michel Vaquié:" Valuations and local uniformization" Advanced Studies in Pure Math., 24, 1996, Progress in algebraic combinatorics.
- John W. Morgan and Peter B. Shalen, "Valuations, trees and degenerations of hyperbolic structure", Annals of Math., 120, 1984, 401-496.
- The book in preparation of Franz-Viktor Kuhlmann : <http://math.usask.ca/fvk/Fvkbook.htm>
