## Workshop on Infinite Dimensional Analysis Buenos Aires 2014

The meeting will take place in Buenos Aires from the 22nd to the 25th of July 2014 as a joint venture of the Universidad de Buenos Aires, Universidad Di Tella and Universidad de San Andrés. All those interested in participating in the meeting, giving a talk are welcome.

This workshop will focus mainly on the following subjects: geometry of Banach spaces, nonlinear analysis, polynomials and multilinear mappings, tensor products, holomorphy, hypercyclicity and related topics.

Unfortunately our funds are scarce and we cannot provide with any economical support. On the other hand, we are working to keep the registration fee as low as possible.

We look forward to seeing you in Buenos Aires next year.

Best wishes!
