

Workshop on Infinite Dimensional Analysis Buenos Aires 2014

We remind you that WidaBA14 (Workshop on Infinite Dimensional Analysis Buenos Aires 2014) will take place in Buenos Aires (Argentina) from the 22nd to the 25th July, 2014. There are some aspects we would like to comment.

Talks. Everybody is welcome to submit a talk. All talks will be 25 minutes long and, unless necessary, we do not plan to have parallel sessions. If you wish to give a talk, please send the title and abstract in plain LaTeX style to widaba14@dm.uba.ar before 15/06/2014.

Registration. In the web page you will find a registration form. If you already sent us an e-mail, please register again (we are sorry for the inconvenience) before 31/05/2014.

Dinner. On July 24th we will have the conference dinner at a restaurant in Buenos Aires. Please let us know at the moment of your registration if you plan to attend the dinner (also if you are coming accompanied).

Fees. They are paid when arriving at the conference. The regular fee is USD90/€70 and the reduced fee for students is USD45/€35. The cost of the dinner is USD40/€30.

Venue. The conference will be held at the "Universidad Di Tella". The address is Av. Figueroa Alcorta 7350. It is located in Nuñez, very close to the River Plate soccer stadium.

Accommodations. In the nearby neighbours of Nuñez and Belgrano there is a number of hotels at a walking distance from the conference. We are negotiating with some of them to try to get better fares, so we suggest you to wait before you make your reservation. If you prefer to stay at the city centre, be aware that it is at least 45min away in public transport.

If you have any doubt, suggestion or question do not hesitate to contact us at widaba14@dm.uba.ar. Feel free to distribute this announcement to anyone you think may be interested.

We are looking forward to seeing you next July in Buenos Aires,
